Use approximately 10-15 lbs. of charcoal to cook 15 lbs. of chicken for first rack. If you wish to continue to a second rack, add approximately 5-8 lbs. For other cuts of meats, grilling, smoking, etc., put in your desired amount.

Photos may include options. Items listed in the "Features" charts are included in the base price.

Meadow Creek Welding uses only food-grade T304 stainless steel in the fabrication of parts identified as "stainless steel" that will contact food under normal use. This includes, but is not limited to grates, racks, shelving, work surfaces, and complete units constructed primarily of stainless steel and sold using that description.
