Use approximately 80 lbs. of charcoal to cook a 200 lb. pig (live weight), 160 lbs. (dressed) or approximately 100 lbs. of charcoal for a 250 lb. pig (live weight), 200 lbs. (dressed) at a temperature of 300 degrees. Cook approximately 12-14 hours or until shoulder meat reaches 180 degrees.

Photos may include options. Items listed in the "Features" charts are included in the base price.

Meadow Creek Welding uses only food-grade T304 stainless steel in the fabrication of parts identified as "stainless steel" that will contact food under normal use. This includes, but is not limited to grates, racks, shelving, work surfaces, and complete units constructed primarily of stainless steel and sold using that description.
